Health and Safety

It is important that drivers of work vehicles are fully protected from harmful vibrations. KAB seats can eliminate up to 70% of these. Careful seat selection is important and through consultation with KAB Seating's network of Authorised distributors the appropriate seat choice can be made to fit most popular brands.

Installation

Care should be taken to ensure a correct installation is made and the seat suspension movements and adjustments are free from obstructions in the cab area.

Maintenance

KAB Seating provides a full range of service parts to ensure seats can be maintained properly, key wear items such as shock absorbers, seat cushions and air valves should be replaced on a regular basis in accordance with the type of usage, amount of usage and environmental factors. Regular removal of dust and dirt from the seat and cabin will improve the longevity of the seat.

KAB//Seating

The latest KAB Seating range of air and mechanical suspension seats are suitable for :

Vineyard tractors

Small agricultural tractors

Medium agricultural tractors

Large agricultural tractors

Telescopic handlers

Combine harvesters

Ride on mowers

LB LOW BACK **MB** MEDIUM BACK

These suspension seats offer drivers improved comfort and protection from harmful vibrations in their working environment and they fit most popular agricultural vehicle brands.

The following comfort and safety options are also available:

- 20° left/right swivel device
- Seat Belts
- Armrests
- Backrest extensions
- Lumbar support
- Fore and aft isolators (800/100 series)
- Heating elements (12v,24v or 48v)
- Headrests
- OTR - One touch riser (800 Air)
- Height adjustment systems
- Seat sensor switch
- Fabric or PVC trims
- 12v or 24v compressors (800/100 Air)
- **NEW** Air ventilation system
- **NEW** Semi-active suspension (DRC)

As part of a revamp of the KAB Seating range for agriculture, we are pleased to introduce several new seating packages and features.

For the 800 series, we introduce the Invictus Air 85/K6 which offers:

- K-Series seat cushion length and tilt adjustment
- Electrically powered air lumbar support
- Air ventilation system for cooling and heating

K1 and K6 uppers for 800/100 series suspension.

New Compact seat (in both air and mechanical versions) for ride on mowers and groundcare machines.

These represent a significant range enhancement from KAB Seating.
